The Inspector General of Police,

Chandigarh Police

Sir,

SSP/T+S

IGP
3-6-14

I came to know from a section of press that last week end your staff at a Naka for drunken driving stopped a family member of a Officer of UT Administration and your staff was firm in its duty and ultimately the driver was put to test notwithstanding the results there of I appreciate and congratulate the staff for showing exemplary courage against a serving officer of UT.

While your staff needs appreciation from the Chandigarh Police through your office it may be ensured that the relevant staff members of Traffic Police party are not reprimanded at any stage even later during the course of duty.

Here I will mention, a similar incident which also a example of duty performed ,when few days back even a much higher officer was checked for drunken driving and he cooperated with the staff happily.

Such performance of duty if made public will boost the morale of police and instill a sense of responsibility amongst the public also.

Regards.

R K Garg
